NATURE CLUB

REPORT OF NATURE CLUB 20/21

About Nature Club

India may be a large and diverse country with immense geomorphologic features and an excellent biodiversity. Nature Club of Dapoli Urban Senior Science College Dapoli has always intended to reinforce our understanding about the interactions between citizenry and environment through its activities. Also, it aims to facilitate the event of skills for environmental protection, to market environmental awareness among all sections of the society, to spread environment education, especially within the informal and creative manner among younger generation.

To sensitize and mobilize student's participation for preservation and conservation of environment nature club organizes nature trails, hikes; nature walks etc. to educate the students about nature beauty, diversity and the necessity to conserve the treasures of natural resources that are around us.

OVERVIEW

Nature club is a conservation programme composed of a group of people, who can spread conservation awareness in society. Through the nature club, India hopes to reach out to nature lovers and budding conservationists.

VISION

The Nature Club which is aimed at creating general awareness among the students regarding the different environmental problems and for an appreciation of nature among students.

OBJECTIVES

- To create awareness, motivate and educate students about environment conservation.
- To develop commitment towards environment.
- To inculcate the importance of environmental Cleanliness.
- To develop leadership qualities through interdisciplinary group activities.
- To raise their empathetic concern and widen perspective regarding environment.
- Organizing various eco-friendly activities.

MOTTO

'CONSERVE AND PRESERVE'

SCOPE

The Nature Club successfully specializes in helping students to take the first step towards conservation of Nature .It can help reduce stress, improve concentration and increase time spent being physically active, encourage student to spend more time outside; and there are numerous opportunities to make that time spent in nature entertaining and educational.
