- Swachh Bharat Abhiyan is a five year long cleanliness campaign launched by the Government of India on 2nd October 2014. The campaign was aimed for making the streets, roads and offices clean from filth and garbage. One of the main objectives of the drive is to make India Open Defecation Free (ODF).
- The campaign also targets raising public awareness about cleanliness through rigorous media campaigns and to institute door to door garbage collection in rural/urban household and ensuring its safe disposal.
- To secure a clean environment, pollution free surroundings, promoting and adopting environmentally friendly surroundings, Nehru Yuva Kendra Ratnagiri and Dapoli Urban Bank Senior Science College Dapoli, initiate a clean-up drive at Panchayat Samiti Dapoli Campus. The clean-up Drive headed by 'Nature Club' Dapoli Urban Bank Senior Science College, was successfully done on 8th February 2023 with participation of 35 student volunteers.
- The clean-up Drive was introduced to the students and encourages adoption of practices like recycling that can have a profound effect on waste management in the community. A clean-up drive can also bring about a sense of community and responsibility to keep our homes and common areas safe and clean. Visible results might lead to a heightened interest and involvement among community members in reducing garbage and food waste, and preserving the environment.
- The said activity truly signifies the importance of partnership in creating a conducive learning environment for the learners and in the community.
